

SPECIFICATION

MODEL
K-AC630-W380-17

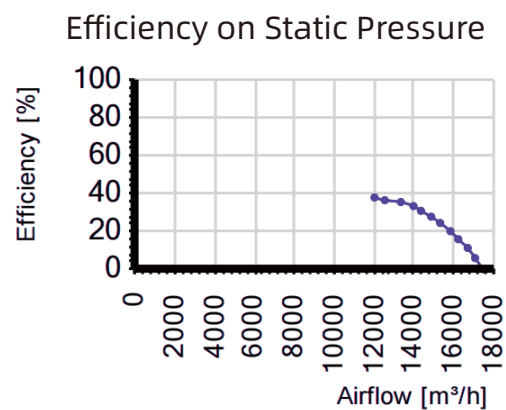

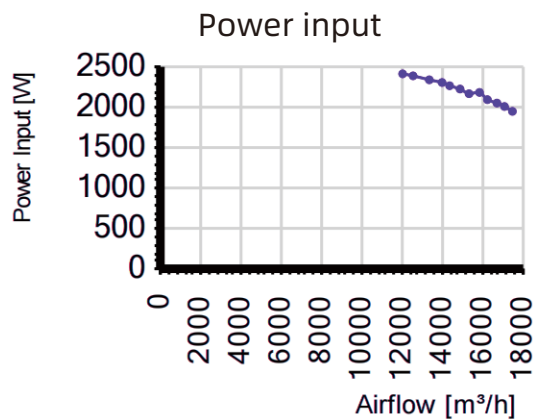

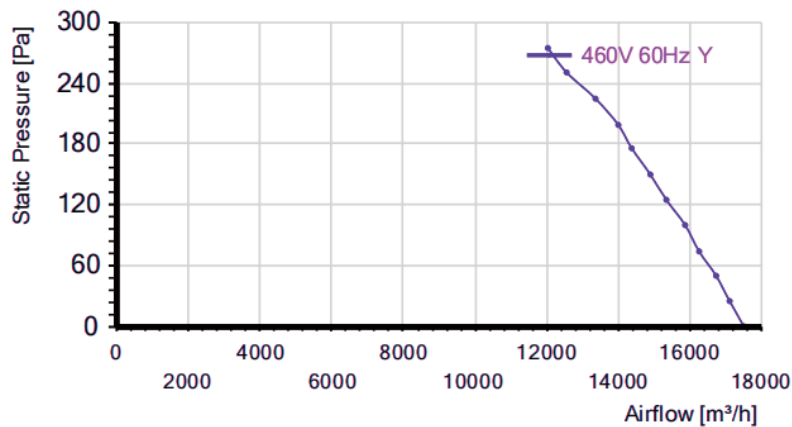

Product Features

- Motor technology:AC
- Supply frequency:60 Hz
- Power input:2300 W
- Speed:1700 r/min
- Blades count:5
- Protection class:IP54
- Impeller material:cold rolled sheet steel
- Direction:Blow(Seen from cable exit)
- Thermal Protector:Can be configured as requirements
- Attachment:With square plate; Normal Guard Grille
- Supply voltage:3P,460~500V
- Rated voltage:460 VAC
- Current:3.8 A
- Perm.amb.temp:-25°C~+50°C
- Acoustic:82 dB(A)
- Insulation class:F
