

The logo for Krube, featuring the word "krube" in a bold, lowercase, sans-serif font. The letter "k" is black with a small orange dot above it. The letter "e" is black with a small blue dot above it. The logo is enclosed in a white circle with a blue border.

krube

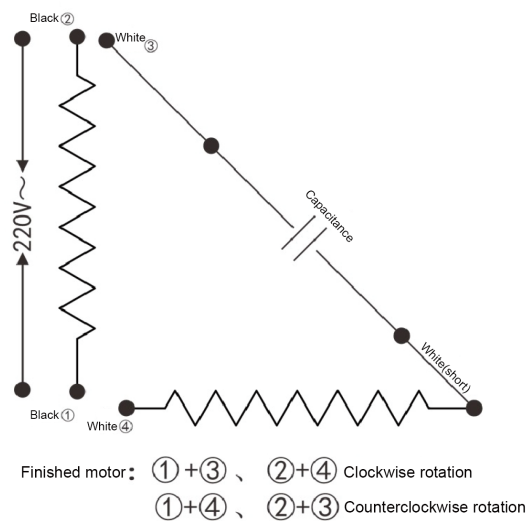

SPECIFICATION

MODEL
K-AC120-G230-15

1. Technical Data

- 1-1. Rated voltage: AC 230V 50Hz.
- 1-2. Motor performance test data: ①Current(A): $0.3 \pm 15\%$; ②Power(W): $68 \pm 15\%$; ③Speed (RPM): $1920 \pm 30\%$; ④Wind speed(M/S): $16 \pm 10\%$.
- 1-3. From the air inlet, the turning direction is C.W clockwise rotation.
- 1-4. Insulation level: Class B.
- 1-5. Motor withstand voltage test: AC 1800V-1mA-1Sec.
- 1-6. Overall noise: <50dB (tested at a weight of 30cm).
- 1-7. The appearance of the fan should be free of deformation, rust, oil stains, mold spots, etc., and there should be no serious scratches.
